Hi, I'm Prudence Williams-La Borde, founder of The Everyday Leader. I help persons who are frustrated with having unfulfilled lives and desire to become the best version of themselves by empowering and equipping them to discover their innate leadership, and to lead intentionally and unapologetically. As a Leadership and Impact Coach; I support through intensive 1:1 coaching sessions and I provide tools and practical techniques to mobilise action! This simple and strategic tool, that I coin as **The Discovery Dump™**, illustrates a roadmap to help you discover and document the leader within.

This framework helped me to discover my personal leadership and encouraged me to publish my first book- "**The Everyday Leader- Becoming the Best Version of Yourself Daily.**" My book is available on Amazon Kindle! If I can do it- so can you! I'm rooting for your success!

Cheers,
Prudence
